

# SELLYNA

UNDERGRADUATE INFORMATION SYSTEMS STUDENT |  
SELLYNA.MY.ID

## OBJECTIVE

I am a hard-working person and capable of working in a team. I am also very thrilled to learn and gain new experiences. I am genuinely interested in UI/UX design and will always be looking for new experiences to develop my skills.

## SKILLS

- Figma
- Microsoft Office Tools
- Java
- Visual Paradigm
- English

## EXPERIENCE

### UI/UX DESIGNER • HOPE • 2023

I've made this team project for my entrepreneurship project at my campus. HOPE (Home of Pest Exterminator) is a company that offers services to exterminate pests in your home or even in your environment. This company also offers products that can be used to handle pests.

### UI/UX DESIGNER • KERJO • 2022

I've made this team project for my final project at my campus. KERJO is an application that helps people to find jobs by their preferred location. KERJO can also help people make their CV standardized. Not just searching for jobs, people can also use KERJO to improve their skills by taking the available courses.

### UI/UX DESIGNER • DIETIO • 2022

I've made this project for my final exam at my campus. DIETIO is an application to track your calories intake while providing catering services.
